# PROTECTOR™

# PROTECTOR+™

**NEW!**

Every day, thousands of identity thefts occur all over the world. Letters, bank statements, invoices, packages and more are carelessly thrown away, much of it containing data that could be used to steal a person's identity or personal information. That's why Trodat created the ID Protector and ID Protector+.

## PROTECTOR™

With **Trodat's ID Protector** you can easily protect your personal data with just one roll. This handy ink roller helps you conceal personal and confidential information permanently with its unique impression pattern and special ink.
