

PRENCO — STAMP TYPE MARKING SYSTEM

Model No. 501 Rubber Stamp Ink Marking Kit

The kit includes a complete set of type; #501 cutting device; double sided tape (1/4"); 1", 2", 3", 4" master metal holder; wooden handle; interlocking plastic holders; knife handle; package of blades and screwdriver. Now you have a stamp when YOU need it. You make it the way you want it the first time and there's no need for costly and time consuming purchasing procedures. It costs only pennies per stamp and you get high quality characters for clean imprints. It eliminates old tweezer style kits with high and low or upside down characters.

1 complete No. 501 kit
